web development: JavaScript, react.js, node.js, HTML, CSS, RESTful APIs.

Application development: react native, flutter.

FINTECH: blockchain, cryptocurrency, payment systems.

Professional experience

Full-Stack Developer | UMURAVA Tech [October, 2024] – [September,2024]

- designed and developed web applications using React and Node.js

- Implemented responsive UI components and optimized user interactions.

- Collaborated with cross-functional teams to define, design, and ship new features.

- Utilized Figma for prototyping and creating user interface designs.

- Integrated payment systems and blockchain technologies for fintech projects.

Projects

E-Commerce Platform

- Led the front-end development of an e-commerce platform using React.

- Collaborated with UX/UI designers to create a seamless shopping experience.

- Integrated third-party APIs for payment processing and order management.

Design Portfolio Website

- Created a personal portfolio website showcasing design work using Figma and React.
- Implemented interactive features and animations to engage visitors.

Leadership

I have demonstrated strong leadership skills in managing a team of administrative staff and supervising daily office operations. I have experience in providing guidance and support to staff, setting performance expectations and providing feedback, and addressing issues as they arise.
